

THE LEWIS CENTER FOR EDUCATIONAL RESEARCH SALUTES THE SPIRIT OF AMERICA!

September has been filled with days that have reminded us about how great our nation is. The September 11 remembrance ceremony at our Academy for Academic Excellence in Apple Valley, CA (left) was one of the most poignant moments in the history of our institution. Citizenship Day and Constitution Day were also celebrated this month, helping us underscore our love of country and instilling that special patriotism that makes our hearts beat true for the red, white and blue. We teach many important things at the Lewis Center for Educational Research, but none is more important than helping our students clearly understand their rights and responsibilities as Americans. Our students learn how to do their share to protect our precious freedoms that have been earned over the last 235 years. After all, isn't that is what the Spirit of America is all about?
