## Lewis Center students learn about safety

Story and photo by Rebecca Kobold Special to the Daily Press

Safety Day was held in October at the Academy for Academic Excellence Thunderbird campus for kindergarten through second grade. Children learned about stranger danger, fire, vehicle and animal safety. The students also learned about drug safety.

Presenters included personnel from California Highway Patrol, Apple Valley Animal Control, American Medical Response, Apple Valley Fire Protection District, Norco Fire Department, L.A. County Fire Department and the Apple Valley Sheriff's Department.

Steve Laponis of the Norco Fire Department dresses kindergartner Marisolita Zelleck in a firefighter's turnouts, helmet and boots.
