The Air Force Junior ROTC program at the Academy for Academic Excellence announces the selection of Cadet Lt. Col. Brynn Hatch to attend the prestigious AFJROTC Aerospace and Technology Honors Camp July 11 to 16, 2009, at the University of New Mexico in Albuquerque.

Hatch is among a very select group, representing 1/2 of 1 percent of the 100,000 AFJROTC cadets worldwide. This is also an honor for the Academy for Academic Excellence because for the second successive year, a cadet was selected from their AFJROTC unit.

While attending the honors camp, cadets will be introduced to scientific, technology, and aviation career opportunities in the U.S. Air Force.

The camp will also include hands-on curriculum activities, visits to operational Air Force units, research labs, historical sites, aerospace industries, private pilot ground school, and a light aircraft incentive ride.

For more information contact George Armstrong at 946-5414, ext 242.
