

LESSON (HOPEFULLY) LEARNED

Thursday, September 2, 2010

MOCK DUI COLLISION: Above, students at the Academy for Academic Excellence watch a San Bernardino County Sheriff's deputy give a field sobriety test during a Mock Driving Under the Influence Collision at the school. The project was organized and prepared as part of Christine Smither's Girl Scout Gold Award Project.

MAKING A POINT: Right, Apple Valley Fire Protection District firefighters drape a yellow tarp over a student during the mock collision. The collision was designed to demonstrate the dangers and consequences of driving while intoxicated.
